*MedCheck® . . .
The Missing Piece of the
Credentialing Puzzle*

By utilizing MedCheck®, an NCQA certified CVO, you will be part of a credentialing system that meets or exceeds the NCQA standards for MCO credentialing, providing you with a very powerful marketing feature as a demonstration of your commitment to quality.

MedCheck® can administer the entire credentials verification process from start to finish on its proprietary OVATION II software. All the information on the provider's application is captured into our system that can later be easily reported.

MedCheck® can become the primary verifier of your providers, creating a uniform and accurate process that will relieve you of this time consuming and costly process.

MedCheck® can also serve as your credentialing consultant assisting your existing credentialing division. MedCheck® remains up to date with current NCQA* requirements and can assist your organization in the development and auditing of credentialing guidelines and policies.

Introducing the Credentialing Solution...

THE MEDCHECK[®] CONSORTIUM

MedCheck[®] has created a consortium of managed care organizations wishing to share the cost of practitioner primary source verification. Each participating member whose practitioners are common to the MedCheck[®] consortium will receive complete NCQA CVO credentials verification services at the consortium rate.

This amount includes all usual and customary verification charges; i.e. NPDB, FSMB, ABMS, NTIS etc. The opportunity to become a member of the consortium is limited. Please act now.

\$3500

per practitioner* for all practitioners
common to the MedCheck[®] system

NCQA* Credentials Verification Limited Time Only.

Application On Disk
For Provider Convenience

MedCheck[®] Credentialing Services has achieved certification for Managed Care Organizations (MCO) and Managed Behavior Care Organizations (MBHO) under NCQA's* Credentials Verification Organization Certification program for the following 10 credentialing elements:

- License to Practice
- Hospital Privileges
- DEA/CDS Registration
- Board Certification/Residency Completion
- Medical School Graduation
- Malpractice Insurance
- Malpractice Claims History
- Application Processing
- NPDB Query
- Sanctions Against Licensure
- Medicare/Medicaid Sanctions

Are you doing your own in-house credentialing?

Estimated costs for an average in-house credentialing program is \$300.00 per provider!

By utilizing MedCheck[®], an NCQA certified CVO you are exempt from the due diligence oversight requirements specified in MCO credentialing standard 15.0.

*The National Committee for Quality Assurance is an independent, non-profit organization that certifies credentials verification organizations, and accredits managed care organizations.
